

Community Engagement Session - Notice

Date: **March 24, 2025**

Detailed Design for Markham Centre Trails Phase IV

Contract: 099-R-24

The City of Markham is committed to building a safe and well-connected trail network. In February 2024, the City completed the Markham Centre Trails Master Plan Study, to develop a continuous trail network through the Markham Centre Greenlands, consistent with the City's Active transportation and recreation trail policies and plans. In September 2024, the City retained Aquafor Beech Limited, to provide consulting services for this project. As recommended in the approved Master Plan, the City has completed the preliminary design for "Markham Centre Trails Phase IV", to connect the Rouge River Valley corridor between Apple Creek Boulevard and Highway 7.

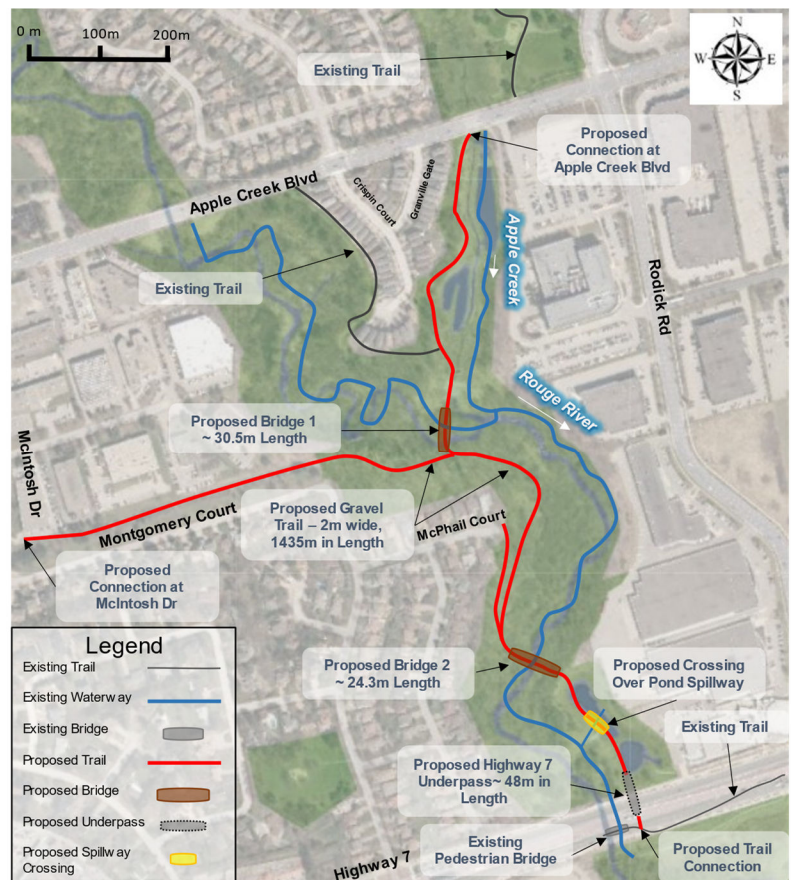

COMMUNITY ENGAGEMENT SESSION

As public consultation is an important part of City projects, the City will be holding an in-person Community Engagement Session where the ongoing design will be discussed.

Additionally, this session will showcase the potential trail impacts to the neighboring residents and proposed mitigation measures.

When: Tuesday, April 8th, 2025.
6:00pm: Session opens to public with presentation boards for perusal.
6:30pm - 7:00pm: Formal presentation by City's consultant, Aquafor Beech.
7:00pm – 8:00pm: Discussions and Q&A.

Where: Canada Room, Markham Civic Centre, 101 Town Centre Boulevard, Markham, ON, L3R 9W3

Markham Centre Trails Phase IV – Project Area

For those who are unable to attend in-person, presentation slides will be available for review on the City's webpage: <https://www.markham.ca/economic-development-business/planning-development-services/engineering-services> and on Your Voice Markham: <https://yourvoicemarkham.ca/>. We

Community Engagement Session - Notice

encourage you to participate by reviewing the information materials and providing any comments to the Project Team. Information will be collected in accordance with the Municipal Freedom of Information and Protection of Privacy Act. With the exception of personal information, all comments will be become part of the public record.

City staff will continue to keep residents informed and address concerns throughout the design process. The construction schedule will be determined once the detailed design is completed and pending budget approvals. Further notices will be sent out to impacted residents at the end of the design and prior to start of construction to provide updates on construction impacts and timelines.

If you have questions about the design process, please contact the Project Team, listed below:
